Please settle this unjustified court case. I am a customer of Microsoft and many other software companies. I do not feel I was ever treated wrongly! Microsoft does not charge more than other software in the industry. Microsoft does not hurt Netscape or other companies. netscape sold for Billions. I do not see that as being injured by Microsoft.

It is time for this country to help our economy by stopping hurting Microsoft! The problems with the economy started with microsoft being drug into court unjustly.

People stopped trusting the stock market. Now as things are beginning to turn around, The BIG MONOPOLY "AOL" is at it again! Suing Microsoft will not help the sagging economy!

PLEASE SETTLE THE MICROSOFT CASE andDO SOMETHING to STOP every one who DOES NOT WANT COMPETITION to SUE, SUE, SUE !!!!!
